

SDGs 2: Zero Hunger

2.2.1 - Does your university as a body measure the amount of food waste generated from food served within the university? If food provision is outsourced this will include requiring this data to be tracked.

Food Center, Buriram Rajabhat University (BRU)

Garbage and food scraps in the cafeteria are caused by the eating of a large number of people at all times, especially during lunch breaks. Because the cafeteria is within the university area, it is convenient, fast, and inexpensive. For the aforementioned reasons, this results in the accumulation of a large amount of waste from the people who come to use the cafeteria every day.
