Some Local Products is Being Used in Daily Life

At our university, we regularly buy and use local goods, including men's and women's clothing. These items are not only purchased but also created and utilized as part of our ongoing commitment to support local businesses. By choosing locally-made clothing, we contribute to the community's economy and promote sustainable practices. It's a way of ensuring that the products we use on a day-to-day basis have a positive impact on both our campus and the local economy.
