

Evidence 2.3.4

Affordable Food at BRU Food Center

This is one of the policies of Buriram Rajabhat University that requires the food at a food center at our university to be affordable. We guarantee that the food will not be too expensive. We want everyone on campus to be able to purchase healthy food. We offer good food. A wide variety to suit different tastes. And our goal is to keep prices low so everyone can enjoy good food without wasting too much money. So the food price is between 10-40 Baht.
